ABOUT ME.

I like to be introduced as a Visual designer, although having Master of Business Administration.

I pride myself on my eagerness and ability to learn. My longing desire to design stems from my affinity for order and geometry. Over the last few years, I have allowed myself to delve into a design and art centric lifestyle. Due to my attention to detail, I am constantly absorbing ideas from everyday life. I am very passionate about my work and driven to satisfy my clients.
